wellbeing of the
next generation

Who should attend this event?

This event is for colleagues from the North East region working with parents and infants (up to age 2).

This will be particularly of interest to local authority colleagues developing and implementing Family Hubs and Start for Life offers and their partner organisations, including VCS, midwifery, health visiting, CAMHS and others.

Anna Freud

What will happen at this event?

An opportunity to come together across sectors in the North East to inform parent-infant relationship strategy development and integrated pathway design.

Policy colleagues will set the scene with an overview of the Family Hubs and Start for Life landscape and there will be presentations from experts in parent-infant relationships. You will also hear from representatives from local areas sharing their experiences.

Facilitated breakout sessions will focus on working across sectors to create strong foundations for parent-infant relationship strategies and pathways. This will be followed by a networking lunch.
