

Distance Learning

Distance Learning (DL) is a flexible way to gain an accredited **Level 1** or **Level 2** qualification. DL allows you to choose where and when you study and has the benefit of allowing you to develop your career without worrying about attending classes, arranging childcare or changing your shift pattern.

How does it work? DL courses are accessed online where you will answer resource-based questions whilst applying your own knowledge and experience. There are no exams or course work and all resources needed are provided for you.

Here's a snapshot of some DL courses we provide; however, we encourage you to visit our website to view all options available.

Healthcare / Social Care

- Certificate in the Prevention and Control of Infection in Health Care Settings
- Certificate in the Safe Handling on Medication in Health and Social Care Settings
