TEES VALLEY MAYOR

"After a long time out of work, I had very little confidence. Then I had a meeting with Ken, a keyworker from the Routes to Work programme. This moment was the jump start which changed my life for the better...

Ken was friendly and really cared - he could see my potential at a time when I could not! He got to know me and worked to understand my passions and hobbies. He lined-up a volunteering role for me which gave me the motivation and self-confidence I needed.

This led to me securing a paid part-time job last year, which is amazing for me! I am now working for an amazing company helping older people to access the internet and engage in live interactive sessions. It is the perfect job for me - and I'm so happy!

I honestly thought I would never work again, but the support from Routes to Work turned my life around.

I can whole heartedly recommend Routes to Work to anyone who is looking to take their next step, the support is truly invaluable. If you are thinking of reaching out for support, just go for it - you have nothing to lose and everything to gain!"
